

Flame retardant textiles

Järven flame-retardant textiles are produced for extremely demanding and high risk wards.

All textiles are made of a permanent flame-retardant fiber and the outer fabric is 100% Trevira CS.

The flame retardancy can not be washed away.

Care Instructions

- Wash in 60°C
- Disinfection in washing machine at 85°C
- Tumble dry at low temperature

Fire standard

Meets the requirements of SS 876 00 01

Recycling

The textiles are fully recyclable and should be sorted as combustible waste. No dismantling is required.

Art. nr.	Artikel
